

Curriculum Vitae Manchester

A world-leading innovator

Bio

With extensive experience in industry, I have a proven track record of driving innovation nationally and globally.

I am a highly motivated team player, with demonstratable experience nurturing world-class teams – both Manchester United and Manchester City are in my portfolio.

I thrive when challenging perceptions; people have always referred to me as the 'rainy' city, but in fact I am only the UK's 15th wettest city – behind Cardiff, Belfast and Glasgow. I am made up of 552,900 proud and diverse residents speaking more than nine languages.

Interests

Football:

I am home to two of the UK's leading teams; Manchester United is England's most successful club, while in 2017/18 Manchester City won the most points, the most games and scored the most goals ever recorded in a season.

Culture:

The Northern Quarter and Ancoats are two up-and-coming areas buzzing with bars, cafes, street art, theatres and boutiques.

Travelling:

I run the UK's largest and busiest airport outside London usually handling over 22 million passengers to over 200 destinations a year. I also operate the UK's largest tram system, with over 14 million journeys made annually.
